WHAT IS ISO 9001?

ISO 9001 is an international Quality Management Systems (QMS) standard related to quality management, applicable to any organization from all types of business sectors and activities. ISO 9001 provides a framework to respond to changing quality requirements in balance with society, economics and environment.

KEY BENEFITS

Ensures your products and services effectively meet customer and applicable statutory and regulatory requirements

Allows you to measure your progress towards continual improvement of business performance creating a benchmark

Creation of knowledge database for effective exchange of company knowledge

Stakeholder and Risk management

High Level Structure (HLS) to easily integrate with more than one standard

QMS closely aligned with core business processes

RELATED SERVICES

Beyond ISO 9001 Certification, Bureau Veritas offers services for a wide range of management system standards that include:

- ISO 14001 Environmental Management Systems (EMS), ISO 45001 Occupational Health and Safety Management Systems (OHMS)
- SA8000

As most of these standards are built to be compatible with ISO 9001, Bureau Veritas offers the possibility of integrated certification services, generating audit efficiency, consistency and optimization.

OUR CERTIFICATION PROCESS

Key steps in our certification process are :

- **Definition of certification scope.**
- **Pre-audit (optional):** gap analysis and diagnosis of your current position against standard.
- **Certification audit** performed in 2 stages :
 - **Stage 1.** Readiness review performed to verify that the organization is ready for certification
 - **Stage 2.** Evaluation of implementation, including the effectiveness, of the management system of the organization
- A **certificate** valid for 3 years is issued upon satisfactory results of stage 2 audit.
- **Surveillance audits** to verify that the management system continues to fulfill the requirements of the standard and monitor the continual improvement.
- **Re-certification** after 3 years to confirm the continued conformance and effectiveness of the management system as a whole.

FAQ

1/ WHY SHOULD MY ORGANIZATION IMPLEMENT ISO 9001?

Customers are the lifeblood of any business! To keep customers – and to keep them satisfied – your product or service must meet their requirements. ISO 9001 provides a framework for taking a systematic approach to managing your business processes to meet those requirements. It is a set of common and stable requirements for at least the next 10 years which will not only give you a standard platform for continuous growth but also a competitive advantage among your competitors.
